. CAMARC DESIGN .
PATROL BOATS

Camarc Design Patrol Boats range from 9m RIBs up to a 70m OPV. Our designs are built in steel, aluminium alloy and composites. Propulsion both propeller and waterjet. Speed with seakeeping ability is the hallmark of our designs. Camarc Patrol Boats are in service protecting National coastal waters, Naval Bases and Port Installations. Used by Navies, Coastguards, Police and Security Agencies, operators include the UK Ministry of Defence, the United States Coastguard, French Gendarmerie, and many Far East and African Authorities. We can design the solution to your operational profile and requirements.
